Magle Group: Two Operational Parts

Magle Group operates through two main entities: Magle Chemoswed and Magle PharmaCept. These entities work together to ensure the seamless development, manufacturing, and marketing of innovative medical technology.

Magle Chemoswed

- **Integrated Contract Development and Manufacturing Organization (CDMO):** Magle Chemoswed provides comprehensive services in drug development and manufacturing. Our CDMO capabilities cover the entire spectrum of development, from initial concept through to commercial production.
- **Development and Regulatory Support:** We offer extensive support in product development and regulatory compliance, ensuring that all products meet the highest standards.
- **Quality and Manufacturing:** Our state-of-the-art facilities and rigorous quality control processes guarantee that products are manufactured to the highest quality standards.
- **Supply Chain Services:** We manage the entire supply chain, ensuring timely and efficient delivery of products to our clients.

Magle PharmaCept

- **Sales and Marketing Organization:** Magle PharmaCept focuses on the sales and marketing of products developed under the Magle Group's medical technology, particularly the DSM (degradable starch microspheres) technology.
- **Product Promotion and Distribution:** We are responsible for promoting and distributing these innovative products to a global market, ensuring that they reach healthcare providers and patients efficiently.

Collaboration Between Magle Chemoswed and Magle PharmaCept

- **Support Services:** Magle Chemoswed supports Magle PharmaCept with development, regulatory, quality, manufacturing, and supply chain services. This collaboration ensures that Magle PharmaCept can focus on its core strengths in sales and marketing, backed by the robust support of Magle Chemoswed's CDMO expertise.
- **Integrated Operations:** The integrated operations of Magle Chemoswed and Magle PharmaCept enable Magle Group to deliver high-quality medical technologies efficiently and effectively, ensuring a strong market presence and continuous innovation.

By leveraging the strengths of both Magle Chemoswed and Magle PharmaCept, Magle Group maintains a comprehensive and efficient operational structure that drives success and growth in the medical technology field.
